CONTAINMENT PANS ARE

LOOKING FOR!

# DREAM DRI PAN'S

**D**rip pans that really work well come with NSN 4940-01-535-7654. That's because they are flexible and can interlock. They are so durable, they can survive being run over by a heavy vehicle! Plus, they're good for big systems.

The interlocking containment pan is made up of 36-x36-x2-in squares with interlocking sides that allow you to make the overall pan in different shapes and as large or as small as you need.

Interlock pans to make size you need

When you place your order, you'll get a pack of 10 pans.
